DAILY EARNING POTENTIAL — BASED ON CURRENT WATER SUPPLY (3-4 JOBS MAX)

SCENARIO A 4× Basic Wash (Sedans) JMD 20,000 Gross Revenue JMD 13,800 profit	SCENARIO B 2× Wash + Ceramic Sealant JMD 16,000 Gross Revenue JMD 10,600 profit
SCENARIO C 1× Full Detail + Ceramic JMD 23,000 Gross Revenue JMD 17,500 profit	SCENARIO D — BEST MIX 1× Full Detail + 2× Basic Wash JMD 33,000 Gross Revenue JMD 24,400 profit

Water constraint note: Your current 20–25 gallon supply limits you to 3–4 washes per outing before resupply. Upgrading to a 50–100 gallon tank would double your daily earning capacity without any price or skill changes — making it your highest ROI infrastructure investment right now.
